EVIDENCES OF HIS SUCCESS IN CURING

CATARRH,

And other Chronic Diseases that have Resisted the Ordinary Modes of Treatment.

Letter from B. P. Murdock, Esq., Editor of the San Jose Daily Patriot.

SAN FRANCISCO, CAL., NEW YEAR'S DAY, 1871.

DR. ABORN, San Jose—Dear Sir:—I have felt that our business and social relations for the last ten months were of such a character as to warrant me in addressing you this testimonial of my esteem for you, professionally and socially. Your remarkable success in the treatment of my son, Frank, a youth just entering on manhood, who had been afflicted for some time with an obstinate catarrh and throat disease, was but an additional proof of the distinguished reputation you had achieved in your profession before your advent to California, and disposed me to repose that reliance upon your scientific skill in the treatment of your specialties, which was so fully sustained by the success of our prescriptions in all cases under your treatment in this city and neighborhood.

Allow me, also, to express my thanks for the liberal and gentlemanly spirit you displayed in all of our business relations. As the proprietor of the San Jose *Daily Patriot*, I published for you many advertisements, all of which were promptly paid for, and in a manner peculiarly agreeable.

I do not know whether this letter will be of any use to you, but I have felt impelled to write it, as well as to assure you of my sincere esteem and cordial wishes for your happiness and prosperity.

Respectfully yours, etc.,

P. B. MURDOCK,

Editor and Proprietor *San Jose Daily Patriot*.

Letter from Wm. B. Lake, Esq.

SAN FRANCISCO, January 19, 1871.

DR. ABORN—Dear Sir: Permit me to add my testimony to the numerous public assurances you have received while here, of your skill and success in the treatment of chronic diseases, which you make specialties in your practice.

My boy, now eleven years of age, had been seriously troubled for several years, with catarrh, when put under your treatment; which he was immediately relieved, and has been steadily improving ever since, until now he seems almost entirely recovered, and we feel we owe to your skill his rapid convalescence, and I assure you your name will ever be held in grateful remembrance by your young patient, and his parents and friends.

Yours respectfully, WM. B. LAKE.

No. 1028 Hyde Street, San Francisco.

LAW OFFICE OF R. P. & JAMES CAMPBELL, No. 51 Exchange Building, SAN FRANCISCO, CAL., January 22, 1871.

DR. ABORN—Dear Sir: Understanding that you are about terminating your residence and practice in this city, I have thought that possibly you might be pleased to know that the little school girl, Mary Morris, whom you treated some months ago at my request, and who, you will remember, was nearly deaf, and seriously afflicted with some bronchial trouble when she went to you, is now ENTIRELY CURED, both of deafness and Bronchial affection, and declares that she was virtually cured on her first visit to you. She and her parents are very grateful to you, and think that it is wholly due to your skill that her hearing and health are restored.

Yours truly, R. P. CLEMENT.

Card from Charles N. Fox, Esq.

(Office of Campbell, Fox & Campbell, Attorneys and Counselors at Law, No. 528 California street.)

SAN FRANCISCO, Feb. 17th, 1870.

Were it not for the good which I hope it may have done to suffering humanity, by informing them where they could find relief, I should regret having given Dr. Aborn my little testimonial of the tenth of January, for the demands made upon my time, in answering letters in regard to him, have been more numerous than profitable to me; and still they come.

To save the necessity for further personal application, let me say to those who care for my opinion, that time has only strengthened my first favorable opinion of Dr. Aborn, and my confidence in the permanency of the cure effected by him. All my difficulty arose from catarrh, which had become of a serious character, affecting the hearing and the throat, giving me at times acute pains, and at others rumbling sea noises in the ears, frequent headaches, and so seriously affecting the bronchial tubes as to sometimes disable me from public speaking. It is also gone, and the change was produced, not by any species of charlatanism, by many suspected of the Doctor, nor by the absurd practice of putting medicines into the stomach which was not affected, but by the skillful application of medicinal remedies directly to the parts which were diseased. I have found the Doctor a gentleman in his intercourse, and a finished and able practitioner. I have formed of him professionally, that he is a regular physician, thoroughly acquainted with the anatomy of the human body, and possessing a remarkable degree of skill in the treatment of those diseases which he makes his specialty.

CHAS. N. FOX.

Another Wonderful Cure of Asthma and Bronchitis, after all other Methods had Failed.

SAN JOSE, March 6, 1870.

This is to certify, that I have been afflicted for over three years with Asthma and Bronchitis, and had tried every means in my power to effect a cure, and was told by my family physician (an honest and good doctor) that I could not be cured; and I became so weak that I could scarcely walk up a flight of stairs, and I happened to see a card from Lawyer Houghton, stating that he was being treated by Dr. Aborn, No. 22 Kearny street, San Francisco, and was getting great relief; and I thought I would go and see the Doctor; but I had little hope of getting relief, much less a cure. Thus was about the fifteenth of January, 1870, and to-day I claim to be a well man. I am fifty-nine years old. My mother and sister died with the same disease. I used this card, unsolicited, to Dr. Aborn, thinking that it might meet the eye of some of my acquaintances that might be suffering in the same way. J. W. HARDWICK.

DR. ABORN

Has WONDERFUL SUCCESS in curing CHRONIC DISEASES after the usual efforts of the profession have failed, and the many testimonials in his possession from prominent and influential men who are well known will substantially prove.

NO PAINFUL OPERATIONS.

DR. ABORN does not subject his patients to any painful or unpleasant operations; his treatment is mild, and safe for the most delicate child. The afflicted are hereby informed, that after the first visit, for many of the diseases which he makes a specialty, they can take the treatment home and use it until cured, without pain or interruption to their usual avocation.

DR. ABORN,

FROM SAN FRANCISCO,

Whose remarkable success in curing Chronic and Obstinate

DISEASES OF THE

EYE, EAR, HEAD

THROAT AND CHEST,

That have for years resisted the ordinary modes of treatment, is so well known,

HAS ARRIVED IN

Portland, Oregon,

TO PRACTICE FOR A FEW WEEKS.

Rooms at the St. Charles Hotel.

OFFICE HOURS—9 A. M. to 4 P. M. and 7 to 8 P. M.

DR. ABORN

Has unprecedented success in the treatment and cure of DEAFNESS, DISCHARGES FROM THE EARS, BUZZING NOISES IN THE HEAD, CATARRH, ASTHMA, BRONCHITIS, and all THROAT, BRONCHIAL and LUNG AFFECTIONS. Also, all Diseases of the Eye, and Derangement of the Blood, Heart, Stomach, Liver and Nervous System.

DEBILITY.

All cases of Nervous or General Debility, Premature Decay, etc., are treated by DR. ABORN with such wonderful success that many cases, after a few weeks' treatment, are scarce recognizable, such a change having been wrought in them as they have invariably in a short time gained from ten to thirty pounds in weight. Convalescence and recovery are rapid under his new and scientific mode of treatment. But very few, if any, men of his age in the profession have been so universally successful as DR. ABORN. Combining all his knowledge, skill, and experience in the special branches of the profession, all that the inventors of the age or the late discoveries of medical science have brought to the aid of the modern practitioner, DR. ABORN is prepared to treat with almost unfailing success all such cases as may come under his care. He has, within the past few years, introduced into his practice many new and important remedies, with novel and effectual modes of application, with which, during his professional career, he has produced the most successful and satisfactory results.

DR. ABORN, for twelve years past, has devoted himself exclusively to office practice for the treatment of obstinate chronic diseases, especially such cases as have existed all the ordinary modes of practice. He has thus been enabled to treat at least five times as many patients annually as he possibly could had he treated them at their residences. Thus, he claims twelve years office practice, exclusively devoted to special chronic diseases—more than equivalent to sixty years' experience in a general practice.

Every physician is more successful in a certain class of diseases than in others; and he who devotes his thoughts to a specialty is better prepared to treat it in that particular than one who is engaged in general practice.

NO PAINFUL OPERATIONS

DR. ABORN does not subject his patients to any painful or unpleasant operations, his treatment is mild and safe for the most delicate child. The afflicted are hereby informed, that after the first visit, for many of the diseases which he makes a specialty, they can take the treatment home and use it until cured, without pain or interruption to their usual avocation.

Wonderful Cure of Disease of the Eye. A Daughter of J. S. Carter, Grain Dealer.

SAN JOSE, May 30, 1870.

DR. ABORN—DEAR SIR:—I deem it my duty to make the following statement. For the last six years my daughter (now eight years old) has been afflicted with sore eyes, and frequently unable to read, or even to distinguish one object from another across the room. She is now perfectly cured, after having been treated by you for three weeks only. I would also state that all previous treatment had proved unsuccessful; also that the eye-lids were so affected that the lashes were falling out. Since, under your treatment, they have grown in perfectly natural, so that now her eyes are perfectly natural, bright, and of a healthy appearance. I consider it a remarkable cure, and am agreeably surprised at the result of your treatment, as I had given up all hopes of having her cured. Truly yours, J. S. CARTER.

Lieutenant-Governor Holden's Card.

SAN FRANCISCO, April 6, 1870.

Having suffered nine or ten years with a throat and bronchial affection, I applied to Dr. Aborn, No. 22 Kearney Street, who has treated me for about two months. I feel it my duty to state, for the benefit of those afflicted in the like manner, that I found immediate, and I think, permanent relief from his treatment, and that I consider his treatment scientific, and that the doctor is master of his profession. WILLIAM HOLDEN.

From Hon. James A. Johnson, Member of Congress.

TO WHOM IT MAY CONCERN:—Having been a sufferer from catarrh and a severe bronchial affection for more than seven years, and having found great relief by submitting myself to Dr. Aborn's treatment a few days only, I take pleasure in saying, Dr. Aborn, with his new and improved instruments for local application to the lungs, air-passages, eyes and ears, should encourage all who are afflicted in those parts to cherish a lively hope that they may find quick and permanent relief.

Very truly, JAMES A. JOHNSON, M. C., Cal.

Card from William Hoskins, Notary Public, Oakland.

DR. ABORN: I take pleasure in bearing testimony to your skill and treatment for Catarrh and Bronchial affections, having suffered for months and wasted to flesh from incessant coughing, night and day. I now find myself cured as the result of your treatment; and I have gained thirty-three pounds in weight.

WM. HOSKINS.

Oakland, Sept. 3, 1870.

A Remarkable Cure.

SACRAMENTO, Cal., September 30, 1870.

This is to certify, that for ten years I have suffered almost death with Nasal Catarrh, Bronchitis and Neuralgia of the head. The pains in my head were almost unbearable. My hearing was very much impaired, with a disagreeable noise in my ears. My eyesight was also impaired. In May last, I placed myself under the treatment of Dr. Aborn, No. 22 Kearney Street, San Francisco, Cal., and in a short time the Bronchial affection was cured, my eyesight was fully restored, and my hearing improved. I take pleasure in bearing testimony to the skill of Dr. Aborn, in his successful treatment of those diseases. JOHN ALLISON,

Late Deputy Sheriff and Constable of Grass Valley Township, Nevada County, Cal.

A Positive Proof that Deafness and Discharges from the Ears can be Cured.

On the 22d of January last, I applied to Dr. Aborn, at 22 Kearney Street, San Francisco, and placed myself under his treatment for deafness and discharge from my left ear, that had baffled the ability of several physicians. Under Dr. Aborn's treatment I began to improve at once, and in six weeks time, I was entirely well. I can now hear as well as I ever could, and the discharge is entirely cured, and have had no symptoms of a return of the disease since. As I am now satisfied that the cure is permanent, I cheerfully give this testimony to the skill of Dr. Aborn. JOHN SIMPSON,

Fireman Sacramento *Union*, residence corner Ninth and E streets.

SACRAMENTO, Sept. 19, 1870.

By Overland Telegraph.

[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO AUGUST 28.

EASTERN STATES.

Appalling Railroad Accident near Boston.

BOSTON, August 27.—A frightful accident occurred last night on the Eastern Railroad at Revere, seven miles from Boston. The accommodation train started behind time, and while stopping at station Revere the Portland Lightning express overtook it and telescoped it, killing twenty-one passengers outright, including three women, and wounding forty or fifty more. The cars took fire and were consumed. Most of the wounded were scalded and their limbs fractured. The killed and wounded belonged mostly in Lynn and Salem.

Further Particulars of the Catastrophe.

BOSTON, August 27.—The appalling railroad disaster at Revere caused intense excitement today, large crowds visiting the scene. At the time of the collision the accommodation train for Beverly had its red signal hoisted for the express to hold up, which it did at Everett, but subsequently proceeded and was under full headway when near Revere station. The engineer was evidently not aware of the proximity of the Beverly train until within sixty rods. He then whistled down brakes, but not soon enough to avoid the calamity. Some passengers in the rear part of the accommodation train heard the ominous whistle, but too late to escape. On came the express train with great velocity, and the engine struck the rear car full in the center, forcing its way in a telescopic manner two thirds the length of the car. The smokestack was instantly knocked off and the boiler penetrated all the distance into the rear car, the rear part of the latter being smashed into a thousand splinters, throwing the debris out on the side of the tender. Of the rear half of the car not a fragment the size of a house window could be found. The fore part of the engine was utterly demolished; pistons bent and rods broken. The rear car was crowded with people, every seat being occupied, many standing in the aisle. Among those the locomotive rushed quick as a flash, just as the Beverly train started, mangling and killing in the most fearful manner.

Simultaneous with the collision the head cap of the boiler broke, and in an instant the wretched sufferers were shrouded in a cloud of hissing steam and deluged with boiling water, which brought instant death to many of the wounded and will prove fatal to others who had probably not been otherwise seriously injured. Lumps spilled their contents, but the fire, if any, was undoubtedly extinguished by the water and steam. Although the Beverly train was just moving when the collision took place the motion did not prevent injury to cars in front. The coupling between the two rear cars broke and the platforms of all of them were jammed up, together with the smoking car, overlapping the baggage car, and rods and timbers were mixed promiscuously. Fortunately, the entanglement was not so great but that the passengers succeeded in getting out quite speedily. Happily for them that they did so, for the kerosene lamps were upset and their contents spilled on the upholstery and instantly the smoking car was in a blaze. The flames traveled with great speed from one car to another, until three of them were enwrapped in the fiery folds. Those subsequently were moved up the track half a dozen rods and allowed to burn until nothing was left. An effort was at first made to put out the fire, but this was prevented, and the flames were useful in lighting up the dreadful scene in the rear and facilitated services for the wounded. The work of rescuing the wounded at once commenced, assistance being furnished from Chelsea, Charlestown, and later from Boston, including surgeons and physicians.

Dozens of poor creatures jammed with wood and iron work could not get out. An ax was wielded vigorously and soon a rope was applied to each side of the car and all the remaining frame work was pulled asunder. Dead and wounded were taken out carefully and speedily and placed on the platform or in the depot. Some were pinned with splinters; some had arms and legs broken; others were mangled beyond calculation. Many in fact a majority of the dead are apparently free from bruises, but the peeling, skin and deathly pallor which overspread the face and flesh told plainly that steam and scalding water had been the frightful and effective agent of death.

The following is the list of killed up to the present moment: S. F. Shattuck, C. B. Shattuck, Syras F. Cheney, Wm. H. Jellroys, Ella Hiersom, James Burns, and Thomas F. Bancroft of Lynn; E. F. Sanborn, H. A. Foster, Miss A. Foster and Wm. H. Emerton of Providence; E. S. Morrill, of Danvers; Geo. W. Bancroft and Wm. A. Seale of Beverly; Rev. Dr. E. A. Moore of Cambridge; Rev. Dr. E. S. Gannett of Boston; Aaron Erickson of Swampscott; Mrs. F. C. Jasper, N. B. Miller, Mary A. Crowley and two bodies unrecognized, making 24 in all. The total number of wounded is between 30 and 40, most of whom are likely to recover. A coroner's inquest will be held to-morrow. Rev. Dr. Gannett was the well known pastor of the Arlington street church, and formerly a colleague of the late Dr. Channing. Dr. Mason of Cambridge port, was also a man of note, greatly beloved by his congregation.

Public sentiment is strong against the conductor and engineer of the express train. The engineer escaped with a few bruises by jumping from the train. The accommodation train was three quarters of an hour late, which fact, it is said, was known to the managers of the express train.

Among the wounded are Frank E. Collier, treasurer for Grund & Co.; Edmund B. Hall of E. C. Hall & Co. and Wm. Lloyd Garrison Jr., of Bailey, Jenkins & Garrison, wool dealers. A young man viewing the wreck to-day from the rear of a platform car was thrown off by a sudden start of the train and was fatally injured.

The Tammany Thieves and the Times.

NEW YORK, August 27.—Mayor Hall has declared his intention to sue the *Times* for rent for past six years of the ground on which the *Times* building stands. He also states that he will move at once for appointment of a receiver.

Death of a Brave Fellow.

PROVIDENCE, R. I., August 27.—Charles Lyndsey, aged 21 years, was drowned in an attempt to save two boys who were thrown from a boat in Bristol harbor yesterday; he swam with one boy to shore but returning for the other his strength failed and he sank.

Reported Defalcation.

NEW YORK, August 27.—Jacob Hensing, Treasurer of Christ church, is reported to be defaulter. An examination of his accounts shows a deficit of six thousand dollars, which may be increased to a much greater amount.

Shipwrecks on the Florida Coast.

JACKSONVILLE, Fla., August 27.—Brig *Pomera* went ashore 25 miles south of Cape Canaveral August 17. Steamship *Ledona* stranded six miles north of Cape Canaveral. The beach for 30 miles is strewn with the cargo. The captain and 20 men are lost. The first officer, second officer, chief engineer, first assistant engineer, cook, and one fireman. The captain's messenger boy and five seamen are saved.

The brig *Sand A West*, of Philadelphia, went ashore, 15 miles south of Canaveral. The cargo of sugar was washed out and the Captain drowned. The brig *H. G. Berry*, of Baltimore, went ashore 50 yards from the wreck of the *Sand A. West*. She is a total wreck. She had a cargo of sugar and molasses. The bark *Hilda*, from New Orleans, bound for Cowes, went ashore six miles south of St. Augustine. She had a cargo of tobacco and stores. She is a total loss. One man was drowned.

Yellow Fever at Charleston.

CHARLESTON, S. C., August 27.—Since last Friday three new cases of yellow fever are reported in this city. One case previously reported proved fatal. The excitement occasioned by the appearance of the disease has subsided.

Progression of the New Loan.

WASHINGTON, August 27.—Subscriptions to the new loan yesterday were over four million, inclusive of the amount received by Jay Cook & Co.

The willful neglect of so many honest citizens in all our large cities to vote, moves the St. Louis *Democrat* to say: "It ought to be made disreputable not to vote. He who selfishly fails to vote is as thoroughly behind as the wretch who pockets a dollar for his vote.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

The Railroad Disaster.

BOSTON, August 28.—The terrible railroad accident on Saturday night becomes more sickening as details are developed. The cause of the accident was simply that the engineer of the express train, chose to plunge his train into one standing at the station before him. The Beverly train made several stops to get passengers. The express train for Bangor left on time, and ran at the highest allowable rate of speed. Before it started Superintendent Prescott sent special orders to the engineer to be careful as there was a train ahead of him. The conductor of the accommodation train warned the train behind, and caused two red lanterns to be put on the platform of the rear car, but it seems that no attention was paid to orders, and if so, the responsibility for this carelessness must rest somewhere.

At the scene of the disaster there is little to be seen. It is dark at the side of the road still smoke the embers of the burning cars, but this is almost all that tells of the disaster. In the town hall of Revere still lie half a dozen bodies. They are horrible to look at. Bloody foam lies upon their black, swollen lips. Their eyes protrude from the sockets, discolored patches of flesh hang loose from their cheeks, and great flaps of boiled skin dangle from their hands. They have been crushed, cooked and tortured, and deeper than all more physical disfigurements, one sees something still more awful to look upon in their faces, a haunting look of unspeakable agony.

The officers of the road are almost crazed by the accident and seemed not to know what to do. The killed and wounded are nearly all Boston, Salem and Lynn people.

KANE, Pa., August 27.—Between 7 and 8 o'clock yesterday morning, near Westport station, on the Philadelphia and Erie railroad, the mail train going west had a collision with a freight train going east. The conductor and fireman of the mail train and two passengers and the conductor and engineer of the freight train were killed, and three passengers were dangerously injured. Fifteen persons were sustained by about a dozen other passengers. The passenger train was about an hour late in leaving Williamsport, and was running 35 miles an hour. The freight train was running 18 miles. The trains met on a sharp curve, and were not visible to each other till within a few yards, and speed was not checked.

Baggage and telescoped into the smoking car all but a few feet. Passengers in the two cars in the rear were uninjured. The investigation shows that the accident was caused by neglect of the conductors and engineer of the mail train to obey orders given them not to pass Westport until the freight train had arrived there. A copy of the order was found in the pocket of the engineer, who was believed to be fatally injured, but later intelligence reports him improving.

BY ATLANTIC CABLE.

French Affairs.

PARIS, August 27.—A circular addressed by Thiers to the Prefects of Departments directs them to appeal to the patriotism of citizens to abstain from all demonstrations on the 4th September, should attempts be made to celebrate the anniversary. All legal powers will be used for their suppression.

Dispatch from London.

LONDON, Aug. 28.—The reception of the French deputations in Ireland is continued with enthusiasm. They leave Dublin to-morrow.

Jay Cooke, McCulloch & Co. have issued allotment letters of the new loan. The amount awarded is seventy per cent. of each subscription. The announcement is well received. Scrip is quoted at par, and bonds at 91.

An attempt was made to-day by unknown parties to explode the monument to King George the Fourth, at Kingstown, Ireland. Though much blackened by gunpowder the monument received no real injury.

French Affairs.

PARIS, Aug. 28.—Ducrot has received the appointment of military commander of Borgea.

It is reported that Radical Deputies will resign and contest all departments.

The Municipal Council will issue their per cent. lottery loan weekly.

The *Siecle* favorably receives the London workingmen's proposal that the Communist prisoners be sent to Lower Canada.

Algerian advices are grave. All the Yabra villages are destroyed, and the rebels are attacking tribes which remain faithful.

LONDON, July 28.—A correspondent at Salzburg telegraphs that Vienna journals advocate an Austro-German alliance as an offset to the threatened alliance between France and Russia.

Foreign papers state that on August 14th a train went through the Cenis tunnel with perfect success. The opening of the tunnel will take place on the 17th September.

The Kings of Greece and Denmark visit the Princess Alexandria at Schwalbeck.

The reported appointment of Menebreaux as arbitrator on the *Alabama* claims proves false.

The London *Telegraph* says that a treaty of alliance, defensive and offensive, between Italy and Russia has been signed.

The strike of Berlin masons is ended.

The Dollinger Movement.

NEW YORK, August 28.—Additional foreign intelligence concerning the Dollinger movement in Germany reports that at a meeting of liberal Catholics at Heidelburg, August 5th and 6th which was attended by some forty delegates representing Bavaria, Prussia, Austria and Switzerland, it was resolved that the coming Congress of anti-infallibilists at Munich, September 22d, should have public discussion on the church question. A new declaration will be issued and Catholics of every nation will be asked to attach themselves to the movement. The Dollinger Catholics though placing little reliance on the action of governments, feel sanguine of the support of Prussia, by which it is expected the initiative war step will be taken. There is nothing expected from Bavaria, although the action of that Government in refusing to sustain the ecclesiastical sentence in the case of the pastor who excommunicated continued to exercise his functions, is regarded as a hopeful sign. The Government will sooner or later have to decide upon the demand which is proposed to be made by the infallibilists for an acknowledgment as a Catholic church, and therefore entitled to church property, and thus may be pressed to take distinct measures. Great excitement manifested by the liberals as to how the papal anathemas will be visited upon the University at Munich over which excommunicated Dollinger has full charge.

NEW YORK, August 28.—Mail advices from Germany state that the Catholic Casino at Munich has expelled a number of its members who voted for school regulations abolishing the right of interference by the priest.

Clerical organs are represented to be so destitute of funds that some of them will be compelled to discontinue publication.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, August 28.—Sale of lots on old Yerba Buena plaza, for benefit of new City Hall fund, commenced promptly at noon to-day, with Platt's Hall filled with speculators and bidders. Selling commenced at extreme northeast corner of the reservation, northwest from the new City Hall site, where McAllister and Market streets come together, forming the apex of a triangle. The first lot offered was an irregular one on Market and McAllister. It started at $20,000 and went up $10,000 on the second and $5,000 on the third bid. It was finally struck down to Jos. Emeric for $38,500. The lot next south and west, 25 feet front on Market street and about 80 feet deep, running through to McAllister, was started at $10,000 and was struck down at $13,500 to Margaret Gibbons. The next southwest, of the same frontage, nearly 100 feet deep to McAllister, was sold for $17,500 to J. D. Callahan. The next, 25 feet front on Market and 100 feet deep (only one frontage), $11,000; next, do, $10,750, to L. M. Sachs; next, do, $10,750, to J. P. Hale; next, do, $10,500, to A. Kohler. The next lot was a gore, 123 feet 3 inches on McAllister and 87 feet 9 inches deep, on the southwesterly side and running out to a point opposite, containing nearly 9,000 square feet (only one frontage), $10,500, to William A. Piper. Estimates differ widely as to the value of this property, but the general impression appears to be that the prices obtained are immense. The sale will occupy all the afternoon.

The steamer *Alaska* from China and the *Albion* from Sydney are fully due.

The sales of City Hall reservation lots on Yerba Buena Plaza are about two thirds through at 4 P. M. and will be finished to-morrow. Prices realized are reported to be under estimates of experts employed by commissioners, but real estate operators generally consider them very high, notwithstanding the average on Market street for lots 25 by 100 feet has been over $10,000, corners excluded. On Park Avenue about two thirds as much will be realized. The lowest price paid was $5,250 for a lot on Park Avenue, and at the corner on Market and City Hall Avenue 25 feet on Market street by 100 on Avenue, was sold for $24,000. The total receipts for this sale, if prices hold out to the end, will approximate, if they do not exceed seven hundred and sixty thousand dollars.

SAN FRANCISCO, August 28.—Contrary to expectations the City Hall Commissioners continued the sale of lots at Yerba Buena Plaza this afternoon until all were disposed of. Prices kept up to the last, closing relatively higher than opening. Total proceeds, $987,000.

The fog is very dense and the only vessel entered port for twenty-four hours is the schooner *Daisy*, of the fishing fleet. Unless it clears up neither the *Alaska*, from China, nor *Albion*, from Sydney, both due, can get in to-night.

Abraham Pike, who was run over by being thrown from a buggy on the Cliff House road last night, died to-day.

The Alaska scientific expedition got off to-day on the schooner *Rambler* for Alaska, too late to do any good this year.

INTERIOR CALIFORNIA MATTERS.

SUCKER FLAT, August 28.—Yesterday morning at 3 o'clock the barn of Jerry Lopez was discovered to be on fire. Some horses and 50 tons of hay were consumed; two horses were lost.

NEVADA, Cal., August 28.—Albert McCauley, white, descending a well to sink it deeper, was overcome with foul air and when taken out life was extinct.

EMIGRANT GAP, August 28.—A fire has been raging in the woods since Saturday, and has burned a mile and a half each side of the railroad track. The trains on the station were delayed by the arrival of a fire train.

LOS FORNEY, August 28, 8:20 P. M.—The rebel chief, Alcario has persuaded the Cagualle to join him in an attack

The Daily Oregonian

TUESDAY MORNING, AUGUST 29, 1871.

Another "Departure" Needed.

Ohio Democracy has a sort of representative character. Utterances of that party in Ohio may be accepted as showing the general tendency of the organization. For example the greenback theory which prevailed so extensively three or four years ago was started by Ohio Democrats. Not only did they adopt it into their State Conventions but they forced it upon the National Convention of their party when Seymour was nominated. Ohio Democrats, it will also be remembered, led off with the movement called the "new departure." In other States the party has followed the example, and the Democrats of Ohio have thus again given the cue to their party throughout the Union.

Nevertheless, Democracy is in a very bad way in Ohio. It is unfortunate both in its candidate for Governor and in the new political doctrine which it has inaugurated. It is unfortunate, too, in the folly of many of its advocates. A few days ago Gen. Ewing delivered an elaborate speech at Columbus in which, he attempted to review the worst of the exploded dogmas of his party. He said: "We propose that the General Government shall furnish all the money of the people, in an issue which shall be a legal tender equally with coin, for all public and private debts whatsoever, except where the contract expressly calls for specie, and *with it redeem the five-twenty bonds*;" and, to prevent an undue expansion [?] of the currency, issue a three per cent. bond, which shall be exchangeable at par for legal tenders at any time, and into which the legal tenders may, at the option of the holders, at any time, be converted."

This is mere midsummer folly. The Chicago *Times*, a leading Democratic organ, dissents from this theory and exposes its amazing stupidity. We quote from that paper:

By adopting Mr. Ewing's plan and issuing enough new legal tenders to pay off the 5-20's, impetus would be given to speculation, which would speedily bring to an end the ease which has long characterized the money market, and produce a stringency which would double the present rates of interest in a month; that is provided the enormous proposed should not destroy all confidence in the currency. Every addition to the volume would heighten the export and stimulate demands. From the history of the French assignats and confederate currency we may learn that the experiment would end in a grand explosion involving the country in ruin. The Democracy are too well acquainted with the nature and laws of the country to assist in consummating such crazy, destructive monetary scheme as that which has found so warm and artful an advocate in General Thomas Ewing. They are not such hopeless imbeciles as to think of getting out of debt by creating a perpetual debt, or restoring specie payments by issuing irredeemable paper in unlimited quantities and banishing specie forever from the country."

Nevertheless, just such a crazy, financial scheme as this is what the Democracy introduced in their last national platform. But such bad luck has befallen it that they should be wise enough to drop it forever. Still, it is evident that most of the party owe to this absurd financial theory, and it will probably require another defeat or two to cause them to "depart" from it.

The California Canvass.

The activity and enthusiasm of the California Republicans in the present canvass gives a hopeful indication of success in the election next week. The Sacramento *Union*, always careful and candid, thus speaks of the canvass:

The canvass for State officers now going on is distinguished from all others of the same kind preceding it. The people come together in large numbers and the enthusiasm is greater on the Republican side than has ever been known in a gubernatorial campaign, even during the war. This enthusiasm results in far more Republican clubs than usual, swelling the number in the Grant campaign. Except in the cities and largest towns, clubs have hitherto been impossible in a canvass like this. And the enthusiasm and the clubs and larger assemblages are not brought about by adventitious aids. Less money has been paid in this canvass by far than has been for many years. The State Central Committee has had very limited means, and the county committees say all reported "short." This want of money is not on account of want of interest for there never was so much of the latter in a like canvass. But it arises from a strong impression on the public mind that the wholesale use of money in politics should cease; from a powerful conviction that a man of pure character like Newton Booth, with his statesmanlike utterances, ought to win without votes; and, perhaps, from the knowledge that political corruptionists pervert, that the investment of money upon a worthless ticket could not win would be so much money lost. The present canvass, we repeat, is a remarkable one for California, and marks a new era. We trust in political affairs. From this time forward it is to be hoped political parties will have able, pure and good men to nominate men whose principles and talents shall command the suffrages of the people, rather than their ability to wield the power of capital to influence the purchasable elements the bane of politics.

Tammany and the "Times."

The New York *Times* has been so hot after the Tammany thieves that they are stung to the most furious rage, and as the dispatches of to-day advise us, they are trying to eject it from its property. This is a new device, based upon a claim trumped up to harass the *Times*. The following telegram from New York, dated August 23d, explains the matter more fully:

An ejectment suit was commenced to-day by the city against George Jones & Co., the alleged owners of the *Times* building, the plot of which is claimed as city property. It is said the ground was given by the city, in 1765, to a number of Presbyterian gentlemen, who built a brick church thereon, the condition of the conveyance being that it should be forever devoted to religious uses and to the purposes of a cemetery, and revert to the corporation in the event of not being used for such purposes. The Aldermen will pass a resolution calling on the city authorities to carry on a suit to recover the property, which is valued at a million dollars. It is said, on the other hand, that the ground was purchased by the original proprietors of the *Times* direct from the Trustees of the Old Brick Church; that the reversion was at the same time purchased from the city authorities and the full consent of the latter as well as of the State Legislature to transfer were obtained.

On the 23d August the Mayor of New York City sent to the Common Council a message with an exhibit of the city accounts. In this exhibit the fictitious accounts uncharted by the New York *Times*, showing frauds amounting to $10,000,000, are included. The public demand for these accounts, which Tammany never intended to print, became irresistible. Hence the thieves were "smoked out," and the charges against them are virtually confessed.

The rise in the wheat market is opportune. It comes at a time when the whole crop is still in the hands of producers, who will obtain the benefit of the advance. The condition of the market is very hopeful for Oregon. Further developments will be watched with interest. Give Oregon a good price for her wheat, and there will be no reason to complain of a lack of business and prosperity.

Brick Pomeroy, it is said, is now "lecturing" in California, and will make no more political speeches. The State Committee has choked him off because he was so violent against the "new departure."

Fire Insurance.

Citizens of Portland, and throughout Oregon as well, will be gratified to receive assurances that progress is making toward the organization in this city of a fire insurance company, to do business in Portland and throughout the State, and to retain here for investment money which has been sent heretofore in large sums abroad. Subscriptions of stock are already considerable enough to warrant the announcement that the enterprise is a substantial success. The proposition, as it now stands, is to organize a branch company in connection with the Home Mutual of San Francisco, but to have the business of the branch company controlled here and its financial operations managed by Oregon men. This arrangement will probably be deemed safest for the first year. But the organization is to be formed on express condition that the connection with the San Francisco company may be severed at any time and an independent company constituted. This is a safe and prudent arrangement; it gives the organization strength in its infancy, and provides a way whereby it may secure to itself local independence whenever it chooses to do so. The general features of the plan are well received by citizens here, and subscriptions to the stock are made with ready liberality. As this enterprise offers a good investment for capital, it will doubtless commend itself to many who have means unemployed.

The necessity for such an enterprise is too apparent to require any effort to make it known. In the transaction of business Oregon needs to assume something of a distinctive and independent character and position. Her business interests should be more in her own hands. This we shall be able to bring about as capital accumulates here and enterprises are started which are controlled by our own people. Local enterprises and industries are now our greatest want. It is necessary to keep and employ our capital at home, and to use it in employing labor in manufacturing and other industries for the development of the State. Every step in this direction will bring good results and tell in the promotion of general prosperity.

The official record of Judge Williams during his term as Senator is recapitulated by the Eugene *Journal*. The record embraces the principal measures which he originated, and is one of which any Senator might be proud. Oregon is especially indebted to him for his able and steady advocacy of her railroad interests, and the whole country owes him obligations for his valuable efforts in aiding to bring about the settlement on a Republican basis of perplexing political questions since the war.

In another long article against the "new departure" the Eugene *Guard* declares that the masses of the Democratic party "care nothing for victory, when all is abandoned that makes victory desirable."

OREGON.

The Jackson County Agricultural Fair will convene on the 5th October. Jackson county papers publish the premium list.

Sylvester W. Rice, of Douglas county, a graduate of Harvard, has just returned home. He was one of the Harvard Crew in the memorable boat race with Oxford, in 1868.

Democrats of Jackson county are exercised about the appointment of a county Judge to succeed Judge Shipley, deceased. There are two factions with different candidates, and both are besieging the Governor.

A cavalry soldier named Hines attempted to shoot himself at Klamath a few days ago. He placed his head over the muzzle of his gun and pulled the trigger with his toe, but just at the fatal moment he dodged and the charge carried off one of his hands. His arm was amputated.

The following from the Vancouver *Register* will suffice to show how malicious some people can be in their jokes: We notice that the Portland *Herald* has a new editor. He is just from old Pike. His name is not Bowers, but Taylor. His style, however, so nearly resembles that of the noted Missourian first mentioned that the coincidence is certainly wonderful; and, to make the matter still more remarkable he follows in the footsteps of his illustrious predecessor, and the first thing he does is to tell us

"How he came here, and how he came to roam,
And leave his dear old mammy,
And come so far from home."

PERSONAL NOTES.

"Josquin" Miller intends to winter in the City of Mexico, and to write a poem entitled Monte zuma.

Gov. Bowen, of Idaho Territory, is travelling through Oregon. Last Thursday he was at Eugene City.

C. H. Lockwood, of the Dalles, is at Washington figuring on a contract for granite for the new building for the State Department.

The leader of the New York riot was Edward L. Carey, Port Warden, at a salary of $7,000 a year. He was appointed by Gov. Hoffman, and retains his position yet.

Dr. Wilmot C. Munson, late of Chicago, died near Crater Lake, in Jackson county, a few days ago. He was with a party of tourists in the mountains. The party were ascending a precipitous crag, and the Doctor, complaining of not feeling well, stepped behind. When his companions returned he was dead.

A New York dispatch of the 23d says: Helmbold will probably be sent to an Insane Asylum in a few days, his business troubles having turned his brain. It is thought his derangement will be temporary, though some of his friends fear he cannot recover as his mind has been giving away for several years. His financial embarrassments arise altogether, it is said, from his lavish style of living, and not from business engagements.

A few days ago the coach going south was robbed four miles from Tehama (Cal.), and some four or five thousand dollars captured. There were three robbers. Only one passenger beside the driver was on the stage at the time. A later rumor is current to the effect that one of the robbers was caught, and that a good prospect exists of capturing the other two. Behalt must be in that neighborhood.

PARRISH, ATKINSON & WOODWARD,

REAL ESTATE AGENTS,

Corner of Alder and Front Streets,

Have for Sale CITY PROPERTY, FARMS and UNIMPROVED LANDS in OREGON and WASHINGTON TERRITORY.

The following are some of the FARMS and LANDS:

REMARKABLE CURE OF MRS. HOOVER.

TUALATIN PLAINS, WASHINGTON CO., OREGON, July 22, 1871.

DR. A. M. LORYEA—I have been troubled with Rheumatism for the last twelve years; my joints, especially those of my feet and hands, were badly swollen, so that I could with difficulty go around. My shoulder caused me a great deal and a LARGE BONY SWELLING grew out, so that I could not raise my hand to my head.

Since last spring I have been taking your "Oak Wood Remedy," and find myself much improved. The swelling and pain has left my joints and shoulder and the bony growth has ENTIRELY DISAPPEARED and I use my limbs and am far better than I have been for years.

M. HOOVER.

Wife of Hon. Jacob Hoover, ex-Treasurer of Washington county, Oregon. jy28d6p

MARRIED:

August 20, 1871, at the residence of W. W. Spaulding, Esq., by Rev. T. L. Eliot, Mr. I. D. Miller, of Albany, Oregon, and Mrs. E. E. Metcalf, of Hollieston, Mass.

In the Congregational Church at Oregon City, Oregon, August, 28, 1871, by Rev. E. J. Gorry, Mr. John H. Reiter, of Multnomah county, and Miss Lizzie M. Chottin, of Clackamas county, Oregon.

DIED,

In this city, August 28, 1871, Hallie, youngest child of Capt. Richard and S. Williams, aged 4 months and 16 days.

Funeral will take place on Wednesday at 2 o'clock P. M.

NEW TO-DAY.

Notice.

ALL EXEMPT FIREMEN OF THE P. F. D. WISHing to turn out in the parade are requested to meet at the Police Court Room this Tuesday evening at 8 o'clock. 1t

Notice.

ISRAELITES IN THIS CITY AND VICINITY WILL please take notice that Sunday, September 10, 1871, at 10 o'clock P. M. has been appointed as the time when to sell seats in the Synagogue "Ahavi Sholum" for the coming Holidays. By order of the President. A29d

DEPOT FOR SHOALWATER BAY OYSTERS!

H. T. LEVINS,

au26dtf Agent for Oregon and Washington Ter.

COSMOPOLITAN HOTEL.

CHANGE OF PROPRIETORSHIP.

H. H. PEARSON,

Late of the Russ House,

HAVING BOUGHT THE INTEREST OF MESSRS. Tubbs & Patton of the Cosmopolitan Hotel, has secured a lease for a term of years of this well known and elegantly furnished Hotel. His previous reputation enables him to say he will keep it first class style, while in order to keep pace with the times he intends to make important reductions in the scale of charges. His intention is to make it a family and business house, while his large connection with the travelling public, warrants him in expecting a large amount of country, Pacific Coast and Eastern patronage. The prices will range from two to three dollars a day, for ordinary accommodation. Board by the week or month at per contract. The Table will be kept on the most liberal scale and many improvements introduced. The spacious reading room is the finest of its kind in the city, while the furniture and fittings generally are superior to those of any hotel in San Francisco. The house will be thoroughly overhauled. Mr. PEARSON assumes proprietorship this day, August 1st.

au1d2m2p

To all Concerned:

WHEREAS MY WIFE CATHARINE HAS LEFT my house and Board, I hereby give notice that I will pay no debts of her contracting.

R. F. DANFORTH'S

PATENTED

PETROLEUM FLUID

Perfectly FREE from the Danger of Explosion.

THIS FLUID, AFTER YEARS OF PATIENT EXperiment, and the expenditure of over one hundred and fifty thousand dollars, has been produced by R. F. DANFORTH, of Cleveland, Ohio, and has been introduced with perfect success.

IT CANNOT BE EXPLODED in a lamp, or in any way, or by any known test.

IT IS FREE FROM GREASE AND FILTH, and will not lodge the finest fabric.

IT IS FREE FROM ALL DISAGREEABLE ODOR, and in this respect is preferable for a night lamp.

It gives a purer, more brilliant, and at the same time softer light than any oil or fluid in use, and is fully equal to gas light.

IT DOES NOT SMOKE THE CHIMNEY in the least.

A gallon of it will burn as long, with the same height of flame as Kerosene.

It is more easily extinguished, when ignited, than Kerosene.

It is strictly pure, containing no mixtures or chemicals, burns in an ordinary Kerosene lamp, with simply changing the burner, with or without a chimney.

THIS FLUID is now on Exhibition at the

CROCKERY STORE

OF

H. W. MONNASTES,

TUESDAY MORNING, AUGUST 29, 1871.

CITY.

NEW FERRY BOAT.—The old ferry boat, *Portland No. 1*, which has been a faithful servant of the traveling public for a long period, has been laid up for a brief time. Her place has been supplied by the new and commodious ferry boat. She has been in process of construction for a long time on the eastern bank, and was completed on Saturday last. She differs in many respects from the old boat. In the first place, there are no water wheels; and in the next particular there is no necessity of a rudder, the iron cable supplying both power of locomotion and guidance. A large powerful cable of twisted wire is stretched from shore to shore, and securely fastened. This cable slips through two grooved copper pulleys, attached to strong pieces of square timber extending out from the boat on the up stream side to the distance of several yards. However strong the current may run or the wind blow, this cable holds the boat to its proper place, and compels her to touch the opposite shores at precisely the same point. This, of course, obviates all necessity of a rudder. A few yards below the large cable a much smaller one is stretched and secured in a like manner. The center of the boat is directly over this small cable. It passes through the middle of the hull between small rollers to prevent friction. In the hull a large notched pulley revolves by means of two stationary engines. The wheel is about three feet and a half in diameter. Over this the small wire rope passes, touching the large pulley at nearly the lower point of the circumference. It is kept in this position by two smaller iron pulleys, under which the cable passes. The friction attained by the rope passing almost all the way around the large pulley, and articulating in the notches, imparts a power of adhesion sufficient to force the craft forward through the water in proportion to the rapidity with which the wheel is caused to revolve. This saves fire and steam, as every advantage is gained and no power is lost. Then, there is no current to contend against, or wind; as the large cable overcomes that obstacle and holds the boat steadily to its place. The river is crossed in nearly one half the time as by the old method. It is a time saving accommodation to the public. We learn that the old ferry-boat will soon be placed on the proposed ferry line from the foot of some up-town street, where it will connect with the long bridge, nearly completed.

REACTION.—Reaction invariably follows action in almost every relation of business. Real estate which has been unusually active for some time past, has taken a decided reaction. Every body is anxious to dispose of property, but few purchasers are to be found. All the real estate dealers are doing a thriving business in the way of obtaining lands for sale. But no one wishes to buy. The mania for speculation has subsided in a measure. Besides, property is unnaturally inflated at present. The permanent prosperity of Portland may be a demonstrated fact, and no mushroom town existing only on paper is ever likely to become a successful rival. Still, real estate is held too dearly for the permanent good of the city. If more moderate prices were asked, numberless lots and blocks now going in the market, and likely to remain in the hands of land manipulators for months to come, would find a ready sale. The price of real estate can only keep pace with the growth, wealth and population of the city. Portland would be better off to-day, if twenty out of every hundred lots had been sold, even at one half what is asked for them, and covered with cottages and occupied, than as they now are, almost a drag in the market. Property is greatly in advance of the times, and must adjust its value to suit the surroundings sooner or later. Meanwhile, Portland will move steadily on in her path of prosperity.

FELIX R. BRUNOT.—The following is extracted from the Pittsburg (Pa.) *Leader* of date of August 17th: "From a telegram published this morning, it seems there is some uneasiness felt in Washington in regard to Mr. Brunot. His whereabouts is uncertain. Our reporter inquired this morning among some of the relatives of Mr. Brunot, to ascertain if they had received any intelligence from him lately. Nothing has been heard from him since he started up the Columbia river, some weeks ago. It is about time he had returned to Portland, Oregon, where he directed that all letters and communications for him should be addressed. Mrs. Brunot is now in Portland, awaiting her husband. Although his relatives in this city have not heard anything from him for some time, they are not apprehensive for his safety. He did not know exactly when he started, how long it would take to make the trip up the Columbia river." When heard from a few days ago, Mr. Brunot, accompanied by his private Secretary, was making a tour of the Sound. He will return to this city in a very short time, before he starts East.

FIRST HOMICIDE.—Very naturally, the tragical affair at East Portland on last Sunday night, threw a gloom over that town. It is to be hoped that an impression has been made which will not soon be erased from the minds of the inhabitants, and that a wholesome lesson may be drawn from this melancholy occurrence. This is the first homicide that has ever been committed within the limits of the city. So we have been informed by one of the "oldest inhabitants."

NEW LUTHERAN CHURCH.—The steeple of the new Lutheran Evangelical church on the land donated to the Church Society by Dr. Loryea and J. B. Stephens, in Stephens's Addition, was raised yesterday. The church edifice will probably be consecrated to the service of God on the 17th of September. Rev. Mr. Fredrichsen is the pastor. At that gentleman was indisposed on last Sunday, there was no services in the Scandinavian church.

PRECIOUS A HOMESTEAD.—To-morrow at ten o'clock at his auction rooms, Mr. A. B. Richardson of the ringing hearty voice and jovial rubicund countenance, will dispose of a parcel of land situated near Holladay's Ferry landing, to the highest bidder. He will sell the piece in tracts of from one to five acres—a rare chance. Procure a homestead.

CASE POSTPONED.—The case of R. Hayward, charged with the seduction of Miss Pierce, came before Justice Moreland yesterday at one o'clock. In the absence of several important witnesses, among whom was the plaintiff, the case was postponed till to-morrow at 10 A. M.

HOISTING THE ROOF.—Workmen are engaged in hoisting the roof of the new office of the O. & C. R. R. and N. P. T. Co. The object is to make the building higher, to increase the accommodations necessary in connection with the offices.

GEO. S. WRIGHT.—This little propellor sailed for Sitka and way ports on last evening. She took no passengers but a full cargo. We understand that she was compelled to refuse freight for want of carrying capacity.

FOR FORT WRANGLE.—A small detachment of soldiers belonging to the 23d Infantry, under command of Lieut. O'Connor, sailed on the *Geo. S. Wright* last evening for Fort Wrangle.

NOT YET DUE.—The steam propeller *Gussie Telfair*, we learn, will not be due at this port until Thursday or Friday evening.

UNCALLED FOR.—There is a message at the Western Union Telegraph office for Ed. Connor.

AMUSEMENTS.

STEPHEN MASSETT.—This gentleman who has attained a wide celebrity as a most successful poet, lecturer, composer of music, elocutionist and comic delineator, will give this community an opportunity of hearing him in one of his inimitable entertainments at Oro Fino Theatre this evening. He comes among us with the highest encomiums lavished upon him by the best of critics, and most reliable of authorities—the Press—from all quarters of Europe, Australia and the United States. No Charlatan or mere pretender could have gained such a degree of popularity, or won such plaudits. Mr. Massett must be a literary artist of uncommon merit. He gives but one entertainment in this city. Secure your seats early.

MISSIONARY CONCERT.—At the Missionary Concert given at East Portland on Sunday evening the sum of $23 was raised at the conclusion of the exercises. Mrs. Carrie F. Young and Mrs. A. J. Dunlway were present during the exercises. The former lady delivered a short and appropriate address to the little folks, which was highly complimented.

MRS. YOUNG'S LECTURE.—This talented lady lectured at the court house last evening. The large and capacious court room was crowded—literally jammed—with a very intelligent audience of ladies and gentlemen. The lecture was full of interest and commanded the most careful attention of the assemblage.

HOMICIDE IN EAST PORTLAND.

A MAN STABBED AND KILLED.

East Portland was the scene of a tragic affair on Sunday night. A quarrel and stabbing affair occurred between two men, Wm. Daley and Rich. and Schorton, resulting in the death of the latter. From the evidence oduced at the Coroner's inquest, held yesterday morning over the body of the unfortunate man, the following circumstances are ascertained: Daley, Schorton and another party named Carter, were in company about 10 o'clock on Sunday evening. Mr. Lane, the city Marshal, found the three men pretty well intoxicated, and advised them to go home and go to bed. He soon after left them and proceeded to the residence of Mrs. Frish. In about ten or fifteen minutes afterward Daley came running into the house breathless and without his hat. He inquired for Mr. Lane. The officer came to the door and asked what was wanted. Daley said that he had just got into a little difficulty down the way; that he had been assaulted by a party and that he desired the said party arrested at once. The Marshal and Daley then proceeded to the

ORIENTAL HOTEL,

in search of the party alleged to have made the assault. When the hotel was reached Daley began to look among the crowd gathered around the door way to find the party. Just then some one came out of the bar-room and seized the Marshal if he had secured the person who had stabbed Schorton. The Marshal replied that he had not and immediately inquired if Schorton had been stabbed, and if so,

BY WHOM,

After a few enquiries and some investigation, the Marshal became convinced that the circumstances were sufficient to warrant the arrest of Daly. He accordingly took hold of his arm gently and asked him to walk up to the end of the bridge. As he did so, Daly remarked, "Well if you think me guilty all right, I'll not resist you as an officer." He was placed in the jail at East Portland. When arrested, no weapon whatever was found on Daly's person. From the examination before

CORONER DRYER,

it appears that after the Marshal had left Daly, Schorton and Carter, the three had started to the saloon kept in the Oriental Hotel to get a drink. When that was reached, however, it was found to be closed for the night. After parleying some time, it was determined to go somewhere else and imbibe. The trio started up along the bridge toward Fourth street. On the way, Schorton told Carter that he must not drink any more, but must go to bed; and at the same time he began to accuse Daly of following Carter around to get him drunk. Some short words were made, when Schorton slapped Daly very severely in the face. The blow, though struck with the open hand, prostrated him, as he did not rise at once, the other two men left him and proceeded to the house where

CARTER SLEPT.

Carter went to bed, and Schorton started back to the hotel where he lodged.

Several parties who slept in the upper portion of the hotel, testified that about ten or half past ten they heard loud and angry voices on the bridge east of the hotel. On looking out two men were seen standing together, then they appeared to be engaged in a scuffle, and then suddenly to separate. One started towards

FOURTH STREET,

crying "Police," and the other came running towards the hotel. This party reached the door, opened it, passed through the barroom and fell on the dining room floor. The noise of the fall aroused Mrs. Moore, the landlady, who came running in and asked what was the matter. Schorton, for such it proved it to be, only responded, "Oh, I am stabbed!" A light was struck, when it was discovered that he was badly cut and bleeding profusely.

Drs. Rafferty and Mack were sent for and came in a few minutes after. The assistance, however prompt, came too late; for Schorton was in his expiring struggles when they arrived. A post mortem examination proved that he had received four stabs, two on the right side which had been prevented from entering the cavity by the ribs; a slight incision under the chin, and a cut on the inside of the right arm just below where it joins the body.

THE LAST STAB

proved fatal, as it entirely severed the brachial artery. If the physicians had been in attendance immediately after the occurrence the man's life could have been saved, as the knife did not touch any of the vitals. So quickly did he bleed to death, that scarcely ten minutes elapsed from the time of the throat until life was extinct.

Those who witnessed the affair from the windows could not identify either of the parties except Schorton, who came running into the bar room. The other party who ran the other way was dressed in black clothes, and could not be recognized although the room was shining brightly at the time. Considerable blood was found on the ground near the end of the bridge. A stream could be traced to the hotel. At the time of the arrest, some blood was found on Daly's vest and shirt.

THE OCCURRENCE

being made known to Coroner Dryer, he went over to East Portland yesterday morning and proceeded to hold an inquest over the body. A jury was summoned and the case investigated. The following is the report of the examining physician as to the cause of Schorton's death:

This certifies that I have carefully examined the deceased, Richard Schorton, and that I find his death was occasioned by a wound inflicted with a knife in the superior portion of the right arm, penetrating the brachial artery.

(Signed) J. W. MACK, M. D.

After a careful examination of the case, during which a number of witnesses were called, the jury returned the

FOLLOWING VERDICT:

We, the jury, called to examine the body of Richard Schorton, find that the deceased came to his death by being stabbed with a sharp instrument in the right arm in the hands of some person unknown to the jury.

(Signed) B. TRAINOR, Foreman,
JOHN FAY,
JOHN CRAWFORD,
H. J. MINOR,
L. K. MORTON,
JOHN MOORE.

Deceased was aged about 35 years. He came to East Portland some time last fall. During the late civil war he left the Eastern States to escape the draft, and came to St. Louis. Subsequently, he came to Montana, where he remained until he came to this State. He has been engaged in working on the Holladay avenue for some months past, and bore the reputation of being an industrious, peaceable citizen. He has no family or relatives here. The remains were interred yesterday afternoon by his friends,

MR. DALY,

who is under arrest on the charge of having stabbed Schorton, was brought before Justice J. A. Newell yesterday morning. On motion of Deputy District Attorney George A. Durham, the preliminary examination was deferred until this morning at 9 o'clock. Meantime, Mr. Daly has been transferred to the county jail for security.

The melancholy affair created a great sensation among the usually quiet and orderly little community of East Portland.

BUSINESS NOTICES.

THE OYSTER TRADE.—The oyster trade with this city has become of such importance that one of the Shoalwater Bay companies has established a depot in this city. Last year five thousand bushels were brought here, nearly all by one company, and this year the demand will be greater. The new depot will be kept by G. W. Warren & Co., and is over G. L. Hibbard & Co's store on Front street.

ANNUAL CONVENTION.—The Ninth Annual Missionary Convention of Oregon and Washington Territory will convene on the 31st inst., at Trinity church. The annual address will be delivered by Bishop Morris. See notice elsewhere.

SCHAEBEN & BROWN of Vancouver are offering desirable Town Lots in that place for $65, for a few days only.

BAKER'S PANORAMA.—The last exhibition of Baker's Panorama was given last night at Oro Fino Theater. The next exhibition will be offered to the people of Astoria; from thence it will proceed to California, and to the Eastern States.

EXCURSION.—A pleasant excursion trip will be made to Vancouver on Thursday, the 31st inst., on the occasion of the laying of the corner stone of St. Luke's church.

WILLAMETTE UNIVERSITY, SALEM.—The next Term will begin Monday, Sept. 11, 1871. For full information address T. M. GATCH, President.

TO CARPENTERS AND BUILDERS.—G. L. Hibbard & Co., have on hand and for sale at very reasonable prices, a large lot of Doors, Blinds and Windows of the best quality. They also have a fine lot of Machine Oils, Wagon Timber, Flour and Family Groceries. Persons wishing the above articles will do well to give them a call, corner of Alder and Front streets.

FIRE IN CARTER'S ADDITION.

A destructive fire swept over Carter's new addition to the city of Portland last evening. The fire originated as follows: A large tree had fallen across the Canyon road, as travel was obstructed the road supervisor, a Mr. Reed, set fire to the log yesterday afternoon to burn it in two, and roll the ends out of the road. Some dry under brush standing at the road side, at the base of the hill, took fire. Reed and several men fought the element valiantly, and had almost succeeded in subduing it, when a brisk wind sprung up and

DEFIED ALL ATTEMPTS

to extinguish it. The wind rose as the fire spread and in a very few minutes the entire side of the hill was one sheet of flame. The fire was augmented by large quantities of dry cord wood which had been cut and stacked together in low rows. A great many old, dead fir trees and fallen logs lent fury to the fierce progress of the flames. The fire mounted to the tops of the timber, and burned like a glowing furnace along the ground. Timber, wood, trees, under brush, everything, both green and dry, shared the same destructive fate.

CINDERS AND SPARKS

were borne by the wind to the hill which stands south of the hill along which a roadway has been excavated, and next to Robinson's hill. Scattered along the declivities of this hill were about one hundred and sixty cords of fir wood. This was soon ablaze, and also the timber. Along the bottom, between the hills west of Mr. T. J. Carter's house, was also a large quantity of cord wood and dry down logs. The flames were swayed back and forth across this ravine, and glowed with the fierceness of a furnace. About o'clock the fire had reached the summit of the second hill, and had communicated with the timber on the top of

ROBINSON HILL.

Several temporary shanties belonging to the persons engaged in chopping wood, took fire in the early part of the evening, and were destroyed. The persons did not have time to save any of their household effects, so quickly did the flames spread. The loss, however, was but slight. The loss sustained by Mr. Carter was quite heavy. On the first hill was about 150 cords of wood; up the second hill about 100, and in the ravine about 90 cords; making a total of 400 cords. This wood was estimated at $2 a cord, or $800. A loss of about $700 was occasioned by the fire destroying or effacing all the survey stakes, so that a re survey will have to be made. The total loss sustained by this fire can not be short of $1,800 including everything concerned.

A HOUSE AND BARN

which stood at the base of the hill, just above the road, was with great exertion saved from destruction. A number of persons were fighting the flames back, when our reporter was compelled to leave the grounds; and the buildings may have been consumed subsequently. Word was sent to Chief Engineer Holman for an engine, but for some reason the request was refused by that officer.

A most reprehensible piece of carelessness was the action of Supervisor Reed, in incurring any danger by setting fire to a tree at this season of the year. Persons should profit by the sad experience of others.

A small house stood near to the point where the fire first started, and favored by the breeze it had escaped the conflagration up to the hour when the reporter left. The family were frightened and were removing their effects as rapidly as possible.

THE FIRE

after night presented a most imposing but destructive spectacle. It almost approached the sublime. Acres on acres of land, from the base to the summit of the hills, glowed with burning coals, and for the distance of a quarter of a mile nothing met the eye but a surging sea of fire, waving to and fro from the impulse of the fitful breeze. Viewed from the cupola of the Courthouse, it was a magnificent sight not often seen. What damage may yet result from this fire cannot be determined, as it will most likely rage like a "hungry lion" for days yet among the wooded heights west of the city.

SCHOOL OPENING.—Mrs. Mary Simmons' Private School, corner Third and Main streets, will open Monday, 21st inst. Pupils will be taken during the term.

Vichy Waters are curative in Gravel, Stone, Vesical Catarrh, Affections of the Intestinal Tube, Liver, Spleen, Hepatic Colic, Pâlndal Cachexia, Albuminous, Chlorosis, etc., and most soothing and preventive in Gout, Rheumatism, Rheumatic Gout, Diabetis, etc. For sale at C. H. Woodard & Co.'s Drug Store, Front Street, Portland.

Wilted Down.

Ask the man who complains of "wilting down" in torrid weather what he has done to sustain his system under the extra strain imposed on his vitality. He may tell you that he has tried a variety of cathartics to purify his blood and brighten his spirits. Under such treatment, of course, his strength has given way, and his energies have become exhausted. What he requires is a restorative, not a depletant. His blood is thin; his nerves have lost their natural tension, and nature demands to be renovated and reinforced. The means is within the reach of all. For nearly a score of years Hostetter's Stomach Bitters have been building up broken constitutions, strengthening attenuated frames, and affording comfort, ease, and hope to thousands. As a preventive of the epidemics which make such havoc with the health of the inhabitants of new settlements, this famous tonic is certainly without a rival. Perhaps the principal portion of its world-wide fame is attributable to its astonishing cures of dyspepsia, and all forms of indigestion. But these are not a moiety of its triumphs. All the types of billiousness yield to its persistent use. It is a regulating medicine of the highest order; and its effect upon the secretions, when irregular, are most salutary.

Imposition of the grossest character is sought to be practiced upon the community by vendors, who recommend under the name of "bitters," fiery compounds of a dangerous character, which they attempt to substitute for the great national tonic. Shun all such nostrums, and see that you have the genuine Hostetter's Stomach Bitters, properly authenticated by label, name and stamp, and sold in bottles only.

DR. E. R. FREELAND,

THE GREAT WORLD TONIC!

PLANTATION BITTERS

This Wonderful Vegetable restorative is prepared from pure St. Croix Rum and Calisaya Bark, known the world over as possessing wonderful tonic properties. As a Tonic and Cordial for the aged and languid it has no equal.

PLANTATION BITTERS

Just the thing for the morning lassitude and depression of spirits caused by late hours and what is called fashionable dissipation.

PLANTATION BITTERS

Of all the appetizers it is the most infallible, and the impulse which it imparts to the digestive functions soon puts Dyspepsia to flight.

PLANTATION BITTERS

It is the foremost remedy of the age. The specific of every species of debility, general or local, constitutional or casual.

PLANTATION BITTERS

A wine glassful taken half an hour before breakfast, dinner or supper, quickens the flow of the gastric juice, and thereby provokes hunger.

PLANTATION BITTERS

"By its use I dispose of three good square meals per day, with a good relish, have no pains and have gained sixteen pounds in eight weeks; I sleep well, and consider myself a healthy man."

PLANTATION BITTERS

Taken moderately, three times a day, will give you strength, health and a cheerful and contented disposition.

PLANTATION BITTERS

Will give rest and quiet to those who cannot sleep, from a nervous condition of their affairs.

PLANTATION BITTERS

Will restore tone and vigor—just the thing for mothers nursing.

PLANTATION BITTERS

If you want pure, rich and electrical blood—blood that gives tone to the system, the "rose tint of health" to the cheek.—Try it.

PLANTATION BITTERS

Thousands of families in Ohio and Mississippi valley, and on the border of the southern rivers and swamps, will not be without out.

PLANTATION BITTERS

Which is the cheapest? A dollar bottle of Plantation Bitters, or a physician at two dollars a visit?

PLANTATION BITTERS

"The value of such an antidote cannot be expressed in words"

PLANTATION BITTERS

Will restore the vital energy, repair indigestion, and correct the sluggish circulation of the blood.

PLANTATION BITTERS

Is an unequalled invigorating cordial for the aged as well as for the young.

PLANTATION BITTERS

Is unsurpassed for weak and delicate persons, on their requiring a gentle stimulant.

PLANTATION BITTERS

"I began taking your Bitters the next day, and am perfectly happy to tell you that they have completely restored my health, strength and cheerfulness."

PLANTATION BITTERS

"I find nothing so good for headache and languor to which my daughters are at times subject. It gives them a splendid appetite, and they eat like pigs."

PLANTATION BITTERS

"By advice of my physician, soon after my baby was born I commenced dosing them, and they have done me so much good."

PLANTATION BITTERS

Are sold everywhere.

Corner Front and Washington Streets,

PORTLAND, OREGON,

Agents for the Sale of Blocks and Lots in

HOLLADAY'S ADDITION

TO

East Portland!

TO OUR PATRONS AND THE PUBLIC generally desiring to make SAFE and REMUNERATIVE Investments in Real Property, we beg leave at this time to call your attention to this DESIRABLE TRACT, which has been subdivided into Blocks and Lots, and is now in the Market, to be sold in Alternate Lots and Blocks.

No one that has ever visited this body of land but what will say that it is the MOST ELIGIBLE for SUBURBAN RESIDENCES of any over offered in this market, the land having a gradual slope from the River back to SEVENTEENTH STREET, there being scarcely any Block in the entire tract but what a

Fair View of the City of Portland and Willamette River

Can be had. Another advantage this Property will have for Residences: no high water will ever affect the drainage of the city.

The Oregon and California Railroad Company's New Ferry Boat is now making Regular Trips from the Foot of F street, Couch's Addition, to the Foot of Oregon street, Holladay's Addition.

IMPROVEMENTS TO BE MADE:

Aside from elegant Improvements now in contemplation by the Railroad Company, in the construction of Wharves, Warehouses and Machine Shops, quite a number of citizens will commence erecting fine Residences and Business Houses; also, Street Improvements, under contract, by grading and planking Holladay Avenue its entire length, to connect with the Sandy Road. We can say that at least a Half Million Dollars will be expended in Permanent Improvements on this Addition the present season.

TERMS OF SALE—10 per cent. CASH down; deferred payments, six and twelve months, with interest at the rate of 10 per cent. per annum.

NO QUESTION AS TO TITLE

The Title to this property is undisputed; being a portion of the Donation Land Claim of Jacob Wheeler and wife, United States Patent thereto, and conveyed by said Wheeler and Wife to Geo. W. Weidler.

Any Parties desiring to view will find Maps and Plats of the property at our Office, or at the Office of Messrs. PERRY, RUSSELL & WOODWARD, and other LAND AGENCIES in the city.

STITZEL & UPTON

Offer for sale a large amount of PORTLAND and EAST PORTLAND RESIDENCE and BUSINESS Property.

A large amount of Soldiers' LOCATING LANDS for sale, situated in Multnomah, Washington, Yamhill, Polk, Benton, Lane, Marion, Clackamas and other counties of this State. For PRICE LIST call at our Office.

80-Acre Lot for sale, adjoining Holladay's Addition on the east. Apply to Stitzel & Upton.

5 and 10-Acre Lots for sale, adjoining East Portland, on reasonable terms. Apply to Stitzel & Upton.

SACRAMENTO BRANC

POLITICAL NOTES.

The Chicago *Journal* says "when the Democracy get possession of the national finances we shall expect to see the faculty." Then you will be disappointed; for it is the rule of the Tammany Ring to carry off the whole hide.

Mr. George Grote, the eminent historian, died worth about $800,000 in personal property alone. He bequeathed the copyright of his "History of Greece and of other works and all his books to his wife for life, and after her decease, to the University of London, Burlington Gardens.

The Mobile *Register* (Dem.) thinks it will be a shame if the "departure" is insisted upon, and allowed to disturb the harmony and endanger the triumph of the Democratic party. It insists that it is a firebrand, say what men will, and that every patriot band in the Democratic ranks should be swift to seize and cast it from out the family circle.

One of the Democratic papers in Texas, which is very free to express its honest sentiments, says: "We want no departures, but a strict adherence to the Government of the fathers—a white man's Government—controlled and upheld by white men, for the benefit of the posterity of white men, and thoroughly. Hence, away with the 15th Amendment. State sovereignty and white supremacy—less than this is servitude most vile."

A San Francisco paper says: We yesterday inspected a splendid nugget, which is now lying in the Mint, which was obtained from a hydraulic claim at Forrest Hill, Sierra county. It weighs, quarts and all, 921 ounces, and contains approximately nearly 700 ounces of gold. It is probably worth from $11,000 to $13,000. The claim being in litigation, it has been placed for safe keeping in the hands of C. N. Felton, U. S. Assistant Treasurer, and General La Grange, Superintendent of the Mint. It is a pity it cannot be exhibited among other ores and minerals at the Fair.

FINANCE AND COMMERCE.

Monday Evening, August 28, 1871.

Gold in New York, 111¾.

Currency, buying, 88½; selling, 89¾.

Steamer *George S. Wright* sailed this evening for Victoria and Port Townsend, with full cargo of assorted merchandise.

Steamer *Gussie Telfair*, from Victoria and Puget Sound ports, is due on Friday.

We took occasion a previous number to speak of the perfect condition in which the cargo of the bark *Garibaldi* was delivered. [illegible] from the consignees of the merchandise:

PORTLAND, August 28th, 1871.

CAPT. A. NOYES, bark *Garibaldi*. The cargo of your vessel into Hongkong, consisting of [illegible] merchandise, has been received in store and we [illegible] present our satisfaction at the condition of the goods—the whole cargo being in perfect order and correct to a single package. Very truly yours etc.,

TONG DUCK CHUNG & CO.

The North Pacific Transportation Co., by putting on the steamer *George S. Wright* to make an extra trip to Victoria and the Sound ports, deserve and we think receives the commendation of all merchants. Notwithstanding the *Gussie Telfair* has taken two full cargoes one to Victoria and one to Sound ports, and the two merchantmen in quick succession, and the *George S. Wright* takes out still a third, there is enough freight to load the *Gussie Telfair* independently. It does not require much thought that one steamer from there to that week's end is not enough, but it is desirable to dispatch a steamer every ten days to meet the freight offering.

Mail advices received by the City give information that the crop in Spain this year are larger than they have had for 10 years. For a few years past Spain has barely had sufficient wheat for home consumption, and the country has had to import, but this year, from carefully compiled statistics, will be able to export from $50,000,000 to $60,000,000 worth. This surplus will more than make up for any short crop that may occur in France, though current news from there states the crops will be nearly an average, tending to the abundant yield in Southern France.

The [illegible] of wheat into the United Kingdom for the first half this year amounted to 14,763,558 cwts., valued at £8,715,730—against 18,643,125 cwts., valued at £6,777,600 in the corresponding half of last year. Of other grain the value has been £6,673,064, against £5,945,242, and of flour it has been £1,760,123 against £1,638,201. The total [illegible] supplies has, therefore, been £16,176,501, showing an increase of $2,809,722, or about 37½ per cent, over that for the same six months of 1870. The duties thereon on wheat importations have been received as: France, 40 per cent.; America, 28 per cent.; Germany, 9 per cent.; Canada, 6 per cent.; Turkey, 4 per cent.; Austria, 1 per cent.; Chili, 1 per cent., and other countries 11 per cent. Compared with the first half of each of the preceding two years Russia and Canada figure for a large increase, while Germany shows a decrease. The exports for the first half of this year from the United States show a large decrease on the first half of last year; but from statistics reaching us up to [illegible] of July to the 19th of August, are largely in excess for the like period last year. The following are the exports from the port of New York to Europe from July 1st to August 19th:

	1871.	1870.
Wheat, bush	2,146,231	2,071,236
Corn, "	647,783	79,459

The exports from Baltimore compare in the ratio for wheat and corn. From New Orleans we have no statistics, but from our exchanges we learn that the export of corn to Europe is largely in excess of any previous year, and the large excess in the corn crop over that of former years, will enable shippers to export freely for the balance of this year, or the first part. By comparing the above table of exports from New York and the reports from other shipping points heard from, it will be perceived that the export of corn is beginning to take [illegible] of wheat. The cause of it is apparent in the fact that [illegible] cheaper, and as an article of food it will take the place of potatoes with the poorer classes. From our present look out we cannot see that there is any possibility of wheat advancing higher in Europe. Great Britain is out up to America in the general statistics of production, as statisticians are left in many instances to estimate. In 1855 the Agricultural Society of Scotland began to collect statistics of production in Scotland, but discontinued after 1857, owing to some trouble with the Treasury. The amount of acreage in wheat that year in Scotland was 223,152, yielding 6,164,956 bushels; since then it has not varied much, if any. So that the injury to the wheat crop in Scotland amounts to virtually nothing, for the production is so small as to [illegible] to the vast amounts of surplus in other countries waiting shipment. The injury to the potato crop of Ireland would be more serious were it not that the United States stand ready with a very large increase to [illegible] over former years, of corn to supply the deficiency; and in the event of no war in Europe, then Russia will have large supplies of corn, besides wheat, to ship. The amount of potatoes raised in Ireland annually amounts to near 6,000,000 tons. It is not safe to say that even one-third of the crop is destroyed, as [illegible] all reports heretofore, for years back, and we find that everything is at first exaggerated. If there is a deficit, or any injury sustained by rot, it is enlarged upon, and if crops are above an average, then we are more than likely to hear them extravagantly estimated upon.

Merchandise Reports.

Owing to quotations from California, of wheat being for centals or 100 lbs, our quotations of the same will be by the cental, so as to make it more uniform. The Liverpool quotations are for cwt., or 112 lbs. In giving the amount of exports of wheat from Odessa, we neglected to state that tschetwertes is 6½ bushels.

WHEAT—Buyers have settled at the following rates here, $1.07½ per cental or 100 lbs, with rates to be paid up country in proportion to freight charges. The general impression prevails that the excited state of the market in California is fictitious and that it will not continue up long. The millers in San Francisco have contracted to deliver flour for the Chicago trade, and consequently to fill those contracts will be forced to pay prices now, which they will not as soon as the contracts are filled, and as soon as they are out of the market prices will recede. No change in Liverpool quotations. No note sales of 66,000lbs of extra choice for send to a California farmer on terms reserved.

BAGS—Sales to-day of 15,000 standard 2¼ at agents' rates.

FLOUR—The shipments made to Victoria and Sound ports to-day were quite large. We are informed that some orders could not be filled, owing to the steamer being full. We quote the marketing as of $6@6 per bbl for sales of standard brands, and $6 for outside brands; superfine, $5 50@6 per bbl.

HAY—We note rates in lots, to-day for loose at $16 per ton.

BACON—Large shipments to Victoria to-day, one house shipping over 12,000 lbs. The market shows no signs of an advance, but is quotable firm at 16c per lb.

COFFEE—By mail we note an advance in prime grades owing to telegraphic news from Brazil. In San Francisco prices are hardened, with the market ruling quiet, as importers do not feel disposed to sell.

CANDLES—The advance in adamantine in New York and Cincinnati is 1c. Unchanged.

HARDWARE—Of all descriptions is advancing in the East. By late advices from Birmingham we learn that the men are on a strike there for higher wages, and all prices must be further advanced—this applies more especially to all kinds of [illegible] but must necessarily involve other articles.

IRON—There is a marked advance in pig, both in Europe and America. The advance is at the rate of from 2@5 shillings a ton, with a further advance expected.

SUGAR—The New York *Shipping List* of August 12, says that the market there for raw is very firm, owing to no new crop to come in for five months, and reports from all sources, European and [illegible] give short supplies.

Market here very firm with a strong upward tendency.

SOAP.—We note sales of 200 lbs of E. Irving & Co.'s G O at 7½c.

Receipts of River Produce To-day.

Per *Fannie Troup*—25 kegs powder, 11 D & Co; 121 bdls shingles, Goerding & Farrell, 109 sks wheat, 1100 lbs sheep skins, 1 bx bullets, 1 bx cigs, 1 roll deer skins, L. W & Co; 8 bxs fruit, 1 bx butter, H & S; 3 pkgs vegetables, J B Ross; 1 bx butter, Weeks & Morgan.

Per *Senator*—500 lbs shot, Williams & Myers; 22 bdls paper, Clackamas Mfg Co; 97 gunnies bacon, J McCraken & Co; 7 coop chickens, D Fay; 100 pkg shorts, Allen & Lewis.

Markets.

[BY TELEGRAPH.]

SAN FRANCISCO, August 28.—Flour—Quite firm with a hardening tendency. Superfine, $6 25@6 50; extra, $6 50@6 75.

Wheat—The market is still excited; the highest sales on Saturday were at $2 37½. This morning sales were at $2 40, then $2 42½, then $2 45, then $2 50. These prices were mainly paid by speculators, whose operations have not always resulted profitably; the highest price paid by millers was $2 40@2 42½; exporters have withdrawn from the market at awaiting over $2 35; sales of 300 sks milling at $2 40; 100 tons extra choice white clean, raised in Chico, was taken by a speculator at $2 50, probably intended for seed; 1,300 sks of good, on speculation, at $2 42½; 1,000 sks of do, at $2 45. There is a legitimate demand above $2 35.

Barley—Receipts moderate, the market is nominal at $1 17½@1 85.

Oats—Dull; nominal at $1 80@1 90.

Hay—$19 50@22 for fair to good.

Potatoes—Mission sell at 85@90c; Half Moon Bay at 80@$1; wholesale at $1.10@1.75.

Another dispatch gives the following: The wheat market is affected by a plethora of unemployed capital. It is excited to an unusual degree to-day, and holders are asking $2 50, and getting it in some cases.

Shipping Intelligence.

[BY TELEGRAPH.]

SAN FRANCISCO, August 28.—Arrived—Schooner *Daisy*, Galloway's Islands, with 13,000 codfish; the second list of this year's catch.

EXPORTS.

Per *George S. Wright*, for Victoria—140 bf sks flour, 2,575 qr sks flour, 21 sks middlings; 184 sks bran, 194 pounds bacon, 41 kegs dried apples, 94 bx green apples, 16 bxs green pears, 97 gunnies oatmeal, 19 bbls pork, 1 cs merchandise, 13 bxs eggs.

River Steamers.

CITY ADVERTISEMENTS.

Ordinance No. 1044.

AN ORDINANCE TO PROVIDE FOR THE CONstruction of a sewer in Lincoln street.

The City of Portland does ordain as follows:

Section 1. That a sewer be constructed in Lincoln street to connect with the sewer across South Front street and to extend to the west line of the Macadamized road, of the same size and description as the sewer above named.

Section 2. The Commissioner of Streets and Public Property are hereby authorized to advertise for, receive proposals and contract with the lowest responsible bidder, for the construction of said sewer.

Section 3. The proposed improvement shall be completed on or before the 15th day of September, 1871, and done to the satisfaction of the Committee on Streets and Public Property and the Street Commissioner.

Section 4. The cost of said sewer shall be assessed upon the property benefitted thereby.

Passed the Common Council August 2, 1871.

W. S. CALDWELL,
Auditor and Clerk.

Approved August 3, 1871.

PHILIP WASSERMAN,
au24l5d Mayor.

PROPOSALS.

Lincoln Street.

SEALED PROPOSALS WILL BE RECEIVED AT the office of the Auditor and Clerk of the city of Portland until 12 o'clock M. Tuesday, August 29, 1871, for the construction of a plank sewer in Lincoln street, in the manner provided by Ordinance No. 1,044.

Bids must state the price per lineal foot, including the furnishing of material and the necessary grading.

Each bid must be accompanied with the bond of two freeholders properly certified to the sum of five hundred dollars, to the effect that if the contract be awarded to such bidder, he will, upon its being so awarded, enter into contract therefor with good and sufficient sureties for its faithful performance.

The right to reject any and all bids is hereby reserved.
